Swami Nirvisheshananda Tirtha

Born in a spiritual family of Bengal, Swami Nirvisheshananda Tirtha evinced a strong inclination for the spiritual path from a very young age. While in college, he received *deekshaa* from the great Saint of Dakshinkhanda (West Bengal), Baba Gangadhara Paramahansa. His subsequent spiritual life of renunciation was under the guidance of the renowned Saint from Kerala, Poojya Swami Bhoomananda Tirthaji. Of scientific temperament and keen insight Swami Nirvisheshanandaji guides Ashram inmates and seekers with openness and gentle humour, helping them deal with the follies and foibles of their mind. Before renouncing, Swamiji was a physicist – a scientist and assistant professor in the Radar & Communication Centre of I.I.T, Kharagpur.
